WORLD'S BEST SUMMER GUEST PROGRAMME

Aloha spirit on Lake Davos

Ready for a little hang-loose feeling like in Hawaii? Don't worry, you don't have to travel all the way to the other end of the world for that. Early in the morning, no wind, no waves. The lake is as smooth as a mirror – and you are right in the middle of it. Effortlessly you pull the paddle through the water and glide standing up on a surfboard. Mystical. It's like a kind of meditative workout. No wonder that a bay on Lake Davos is also called Hawaii Bay.

Stand-up paddling is one of over 60 activities in the summer guest programme. The programme runs from May to mid-October. Guests with the Premium Card benefit from numerous discounted experiences, which can be booked in person at the guest advisory service or online two weeks before they take place.

WINTER GUEST PROGRAMME

Grooves crunch at sunrise

You close your eyes and you can hear it: the gentle crunching under your ski boots as you put your skis on the white carpet. A feeling as if you had the mountain almost to yourself for once.

The first rays of sunshine warm your face. Take a deep breath and off you go: you make your first tracks on the freshly prepared slope. Magical. Make this dream come true with Early Bird skiing on Madrisa.

Early Bird skiing is one of around 30 experiences in the winter guest programme, which are accompanied by a local guide. The programme runs from mid-December until the beginning of April and is available to guests with the Premium Card.
